Dear Ms. Bentley:

The documents attached as Exhibits hereto contain minimal proposed changes to the 2015 SOS procurement process as recommended by Delmarva Power. Exhibit 1 summarizes the proposed modifications to the Request for Proposals ("RFP") and the Full Requirements Service Agreement ("FRSA"). Exhibits 2 and 4 consist of "red lined" versions of the RFP and FRSA, respectively, which identify the specific proposed changes to the documents. Exhibits 3 and 5 are clean versions of those same documents.

We would appreciate it if the matter could be placed on the Commission's agenda for September 30, 2014, which will enable the upcoming reverse auction to proceed as scheduled, beginning October 1, 2014.

The proposed changes addressed in this filing have been reviewed with stakeholders in former PSC Docket No. 04-391 which has now become Docket No. 14-144. I have provided each stakeholder with an electronic copy of this filing and the exhibits.

Very truly yours,

Pamela J. Scott
